PROFILE

Dedicated and detail-oriented Frontend & MERN Stack Developer with 3+ years of experience in building modern, responsive, and high-performance web applications. Skilled in ReactJS, NextJS, NodeJS, ExpressJS, and MongoDB, with strong proficiency in modern UI frameworks like Tailwind CSS and Bootstrap. Experienced in developing full-stack web solutions — from crafting clean, intuitive user interfaces to building robust RESTful APIs and managing database architecture. Passionate about creating seamless user experiences and scalable applications. Strong ability to collaborate with cross-functional teams and deliver projects on time with high-quality standards.

EXPERIENCE

DMS – Dubai, UAE

Frontend / Web Application Developer

April 2025 – 2026

- Developed scalable and responsive web applications using ReactJS and NextJS
- Built modern UI components using Tailwind CSS and Bootstrap
- Improved website performance and loading speed
- Collaborated with backend developers for API integrations
- Maintained clean and reusable code structure
- Participated in debugging and optimizing applications

One Stack
